ADES Completes Acquisition of Drilling Operations from Weatherford in Saudi Arabia

(London & Dubai, 03 December 2018) ADES International Holding Ltd. ("ADES" or the "Group"), a leading oil & gas drilling and production services provider in the Middle East and North Africa (MENA), is pleased to announce that it has completed the acquisition of eleven onshore rigs from Weatherford International plc. ("Weatherford") in Saudi Arabia.

The transaction forms part of the previously signed definitive agreement with a subsidiary of Weatherford to acquire thirty-one onshore drilling rigs for a total consideration of \$287.5 million across Kuwait, Saudi Arabia, Algeria and Southern Iraq. ADES continues to work towards closing the acquisition of the remaining six Weatherford rigs in Algeria, with completion expected by the end of 2018.

Transaction Highlights

- Eleven rigs acquired for a total consideration of \$92.5 million, financed through a combination of cash and secured debt instruments
- Nine out of eleven rigs currently contracted in Saudi Arabia with a cumulative estimated backlog of \$78 million.
- Management is working to secure new contracts and extensions for the newly acquired rigs, which it expects will add new backlog before year-end.
- The transaction includes Weatherford's associated assets in Saudi Arabia, management systems and circa 923 employees and contract personnel
- The contracted rigs provide exposure to the natural gas market in Saudi Arabia

Dr. Mohamed Farouk, Chief Executive of ADES, said: "We have now completed the majority of the Weatherford acquisition, which is transformational for the group, significantly increasing our size, visibility and exposure in the onshore market. We are also particularly pleased to be deepening ADES' presence in

KSA and strengthening our relationship with our strategic customer there who continues to place their confidence in us. We look forward to finalizing the Algerian tranche of the Weatherford acquisition before year-end and are optimistic about ADES's growth trajectory during 2019".
